NO SCHOOL - FALL BREAK

Dear Cherry Hills Village Elementary School Families,

A Message from The Cherry Creek School District

Readiness and Emergency Management for Schools (REMS) in Cherry Creek Schools 2016-17

As a result of funds received from the Emergency Response and Crisis Management (ERCM) grant from the Office of Safe and Drug Free Schools, all leadership and school safety/crisis teams in the Cherry Creek Schools have been implementing this comprehensive school safety model. We have continued to develop updated and effective emergency response plans and procedures that align with state and federal Homeland Security Emergency Management and the National Incident Management System (NIMS).

Cherry Creek Schools has established responsive partnerships with our community agencies, trained key staff to provide for the emotional impact of a crisis on students and staff, and developed sustainable training materials and crisis response kits for our school safety teams. In 2011, the ERCM process was renamed Readiness and Emergency Management for Schools (REMS) to reflect our continuous proactive approach to school safety. We are committed to continuing this thoughtful and integrated effort with REMS training.
We would also like to take this opportunity to inform parents about new changes to the Cherry Creek School District’s website that now give parents needed information about school safety and related issues. The website explains the district’s efforts to provide for both the physical and psychological safety of our children, and gives parents links to excellent online resources. This section of the district website continues to be under construction and materials will be updated as needed. You can view the information by going to http://www.cherrycreekschools.org/SafeSchools/Pages/default.aspx and selecting the Safety & Security Quick Links

**Topics and information include:**
- What to Do in the Event of an Emergency

“Can you imagine your child wishing they were someone else?” asked Diana Thompson at PIN’s kick-off meeting in September. For any parent who loves their child, that’s a painful thought to consider, but one that gets at the heart of a child’s struggles with identity and how they see themselves.

Thompson’s presentation focused on actions parents can take to move a child with a negative self image to one who is confident and increasingly empowered over time.

Her approach builds on every child’s capacity to be a hero (a problem solver), leader (a guide or inspiration to others), and champion (an overcomer of obstacles). In her talk, Thompson explained:

1. Parents can help reframe personality liabilities as assets and tap into the hidden strengths of their child.
2. The importance of replacing negative self-talk (“griptonite”) with positive messages that encourage and empower (“scriptonite”).
3. The ability of emotions to move a child toward or away from their potential. Emotions are not facts, but need to be diffused and understood before the underlying problem can be solved.

Learn more about how you can help your child shape an identity that sets them on a positive path to the future. Download a free podcast of Thompson’s presentation at www.PINccsd.org. Learn more by visiting www.HeroesLeadersChampions.org to read Thompson’s blog.

**Marijuana, Colorado Law, and Your Kids.** Mark your calendar for PIN’s next presentation on Tuesday Oct. 4th at 9:15 a.m., or attend a special evening presentation on Wed. Oct. 5th at 7:00 p.m. to hear Asst. Attorney General Michael Song and Smart Colorado co-founder Diane Carlson-Robinson explain the state and federal laws surrounding marijuana in the schools and the effect of legalization on Colorado kids.
